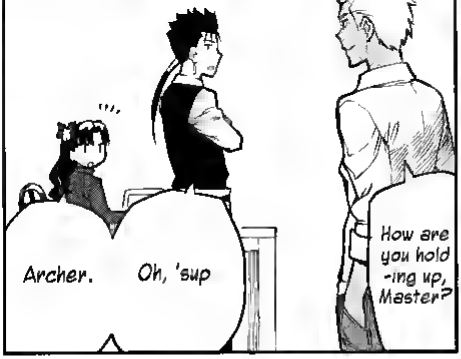
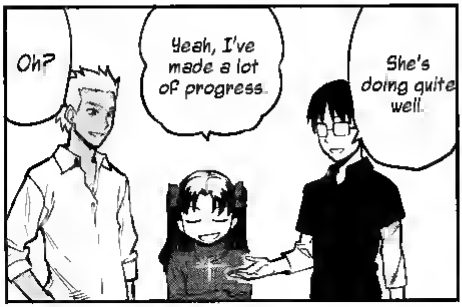
Chapter 8: ~Saber x Saber~
Anyway, I never imagined you'd be bad at this, Rin.
Well... pretty much all magi are like that.
erch.
But Touko-san can use them just fine.
..Huh
That's interesting I wanna give it a try too.
It's not that interesting
Computers are convenient if you can use them, though.



Archer.
Oh, 'sup
How are you hold -ing up, Master?

カラン
カラン
Oh, you're at it again.



Oh?
Yeah, I've made a lot of progress.
She's doing quite well.

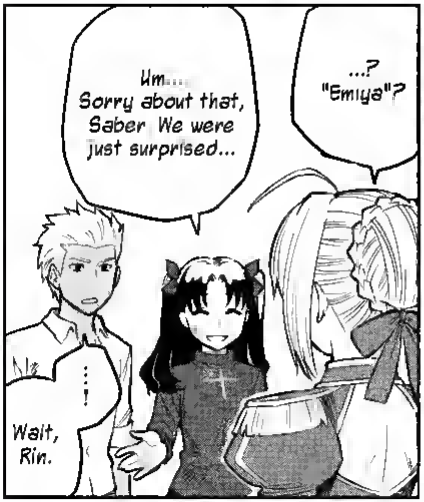
...Wh-Why did Saber just come out of the computer..?
Huh?
バシッ
Hey, not too bad!

What are you talking about? There's no way I could do something like that!
I know, right.
That was a joke.

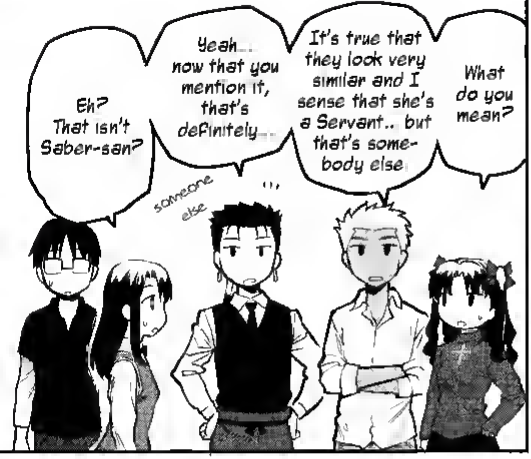
You actually managed to summon Saber from that thing!
Hmph. Looks like you reached a new milestone when I wasn't around, Master.
Huh!?

Hm? Lest mine eyes deceive me, thou art Rin.
Okay, okay
どうどう
Hm?
Mess with me, will you?

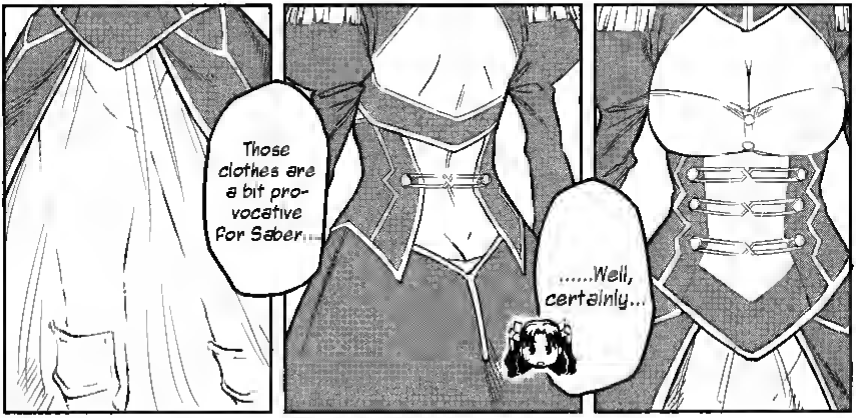


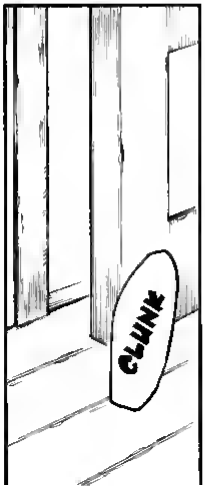
Um... Sorry about that, Saber We were just surprised...
...? "Emiya"?
Wait, Rin.

Eh...? Emiya-kun?
Dost not thou know my Master?



Eh? That isn't Saber-san?
Yeah... now that you mention it, that's definitely...
someone else
It's true that they look very similar and I sense that she's a Servant.. but that's somebody else
What do you mean?





No, I wouldn't go that far...
Wait, it couldn't be what I'm thinking Not some magical girl like before with an uncanny resemblance to Saber, right?*

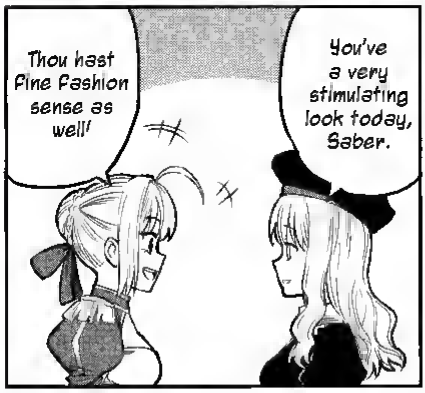
*see previous issues

I'VE COME TO HAVE SOME FUN, LANCER!
GET OUT YOUR BEST TEA!
ガメイーッシュ!
Hmm? Saber, so you've come too. How unexpected.
!
...Could it be that you were waiting for me?
Another pain in the ass is here..
.....
And you even put that padding around your chest..
Trying to seduce me?
.....
ジロジロ
You've got quite a bold look on today.
..Oh?

Thou dost offend mine eyes. Get thee hence.
.....
Well, I'll have you know that I'm not much of a breast guy-
Who is this odd little blonde man?
Haha, I see...
Going for an image change? A teenager?
...Her speech pattern changed again.
shoo
shoo
...Didst thou not hear me?
I'll happily take any entertainment you throw at me.
That is the capacity of a king...!
I don't mind. I'll forgive you for that, Saber
スススス…

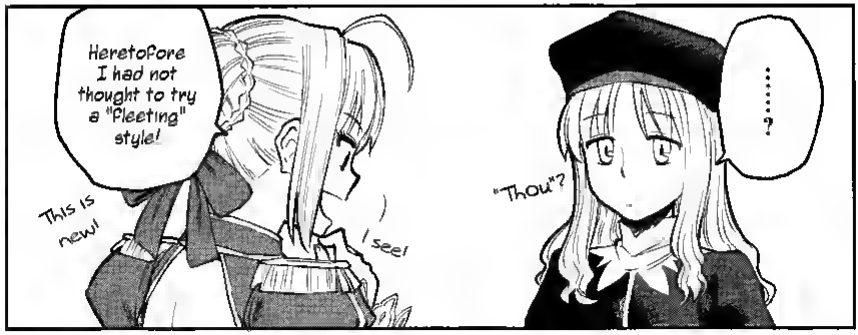
……

Get ahold of yourself, pervert.
NOW, LET US PLUNGE-



Thou hast fine fashion sense as well!
You've a very stimulating look today, Saber.

じ!:
What's he doing stripping in broad daylight?
I was just on the way to the laundromat—. oh my?



HeretoFore I had not thought to try a "Fleeting" style!
This is new!
I see!
"Thou"?
……?

Next time I shall don such garb before Proctor!
Then, who is this?
Well, we don't know that either...
Ah...
This girl looks a lot like Saber, but it's probably someone else...
Oh, dear. Is that so?
I don't fully understand what's happening...
But I'm leaving before I get involved in some strange business...
ズルズル...
Good day.
カラン カラン
...Really.
It does feel like we've gotten caught up in something weird.

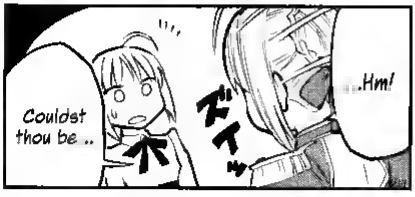
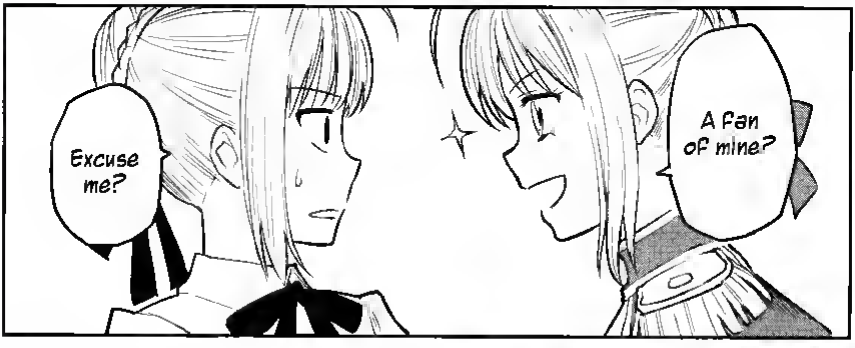
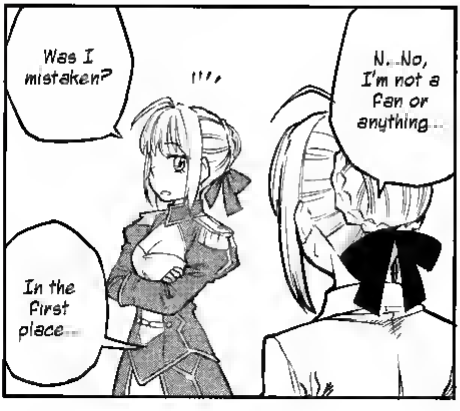
*see earlier issue



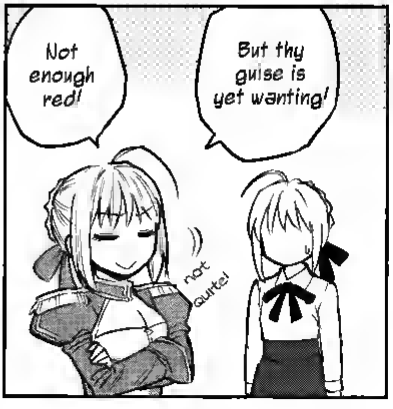
Couldst thou be..
ズイッ
..Hm!



Excuse me?
A fan of mine?



Was I mistaken?
N..No, I'm not a fan or anything..
In the first place..



Not enough red!
But thy guise is yet wanting!
not quite!

I?
I am Saber.
Who are you?
Mayhap... thou art my next foe in the Tournament...?
Ere we spoke, thou wert called Saber as well
...Hmph.
Saber!?
!
HO... HOLD ON!
Saber against Saber... you amuse me.
Yet, imitating my person to unnerve me was cunning indeed.
Eh...?

……
……!?
Howbeit my Praetor is elsewhere, I cannot act as I please.
……!
A jest.
Hmph.
If one of thee would enlighten me?
Now, let us put the confusion to rest.
In any case, methinks thou art no enemy.
……

So this is not SE.RA.PH
...I see.
But the Servant system shouldn't be possible outside of Fuyuki...
There's another Holy Grail War besides the one here?
Yes. My Praetor and I are vying for the Holy Grail within SE.RA.PH
Are you... a Servant?
The Holy Grail War...
Eh... the same name, even?
Her name is Tohsaka Rin
what the heck that's scary
Indeed, I know a maid of great resemblance to thee.
Wait, didn't you say you knew me?

...Well, you came out of this computer.
!
I must hurry back to Praetor, elsewise she fret for my welfare
But, this shall not do.
People don't normally fly out of computers, you know
This is why machines are scary
I wonder if it was my fault after all...
Yeah, I'll use this Etherlite...
Can you handle it?
Let's take a look.
カチカチ

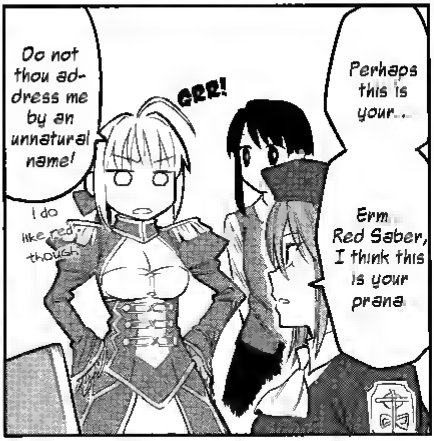
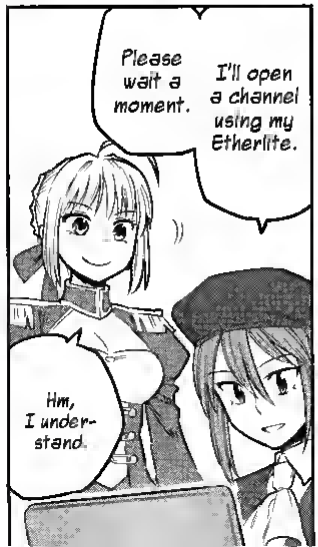
Some residual prana in the cyber-space..
This is...

Some prana is probably leaking out from this "Seraph" place you came from.
I'm continuing to slowly probe the interior.



Do not thou address me by an unnatural name!
GRR!
I do like red though.
Perhaps this is your...
Erm Red Saber, I think this is your prana.

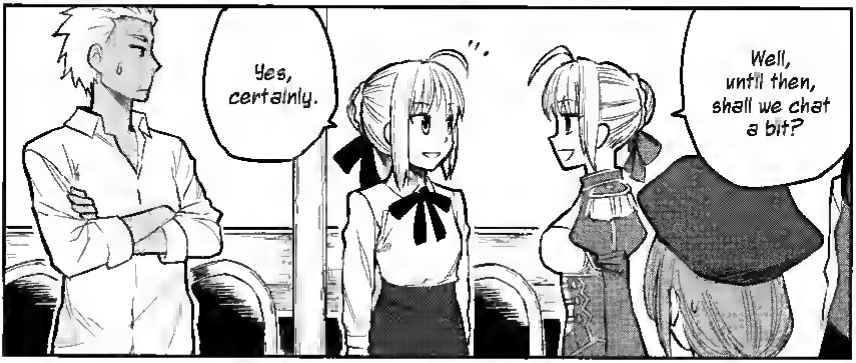


Please wait a moment.
I'll open a channel using my Etherlite.
Hm, I understand.

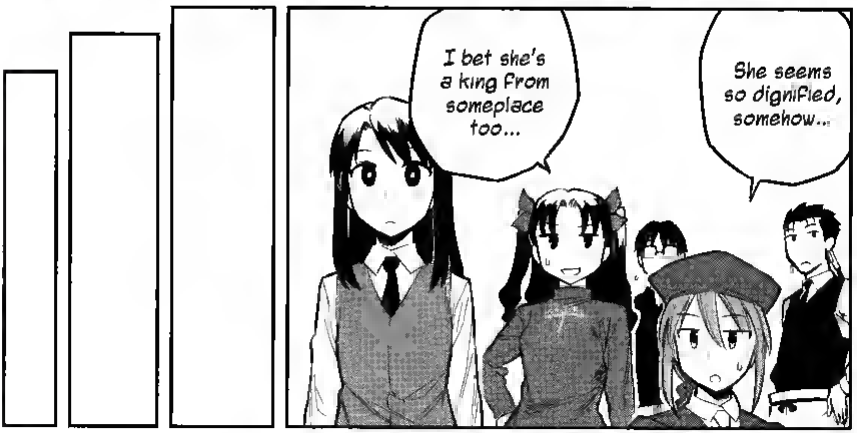
Oh, splendid!
I don't know why or how you got here,
but if I trace this prana, you should be able to go back.

Okay...
Uh...
コクリ

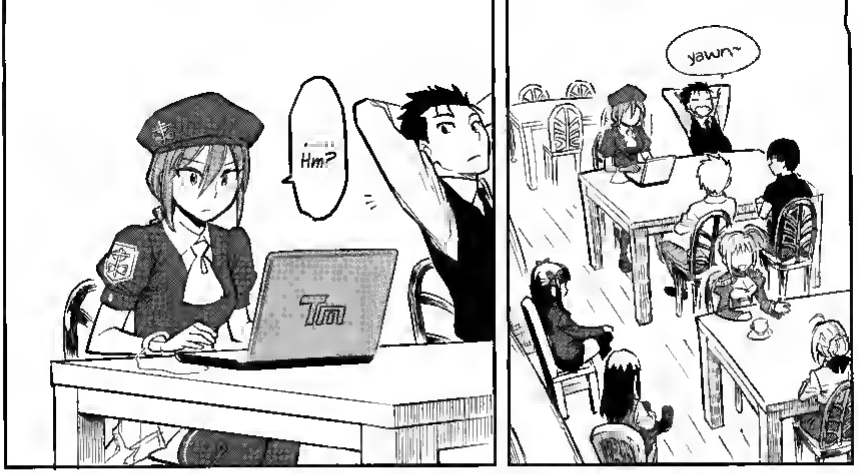
But my hopes lie with thee!
Mine apologies for the trouble...
ハーン!



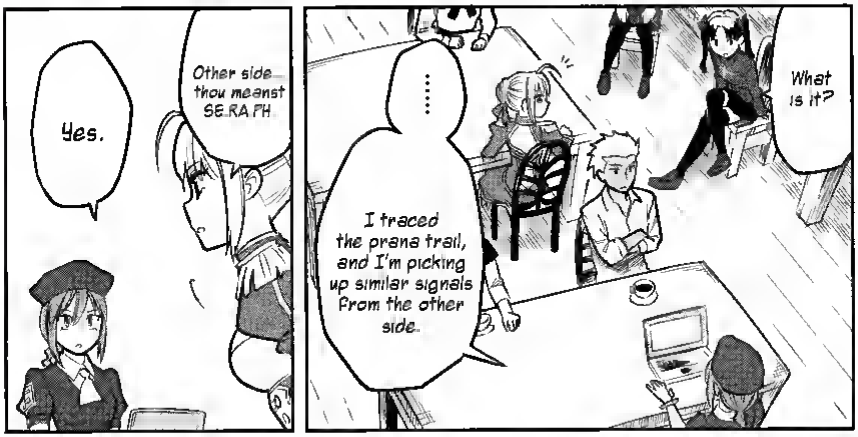
Yes, certainly.
Well, until then, shall we chat a bit?



I bet she's a king from someplace too...
She seems so dignified, somehow...

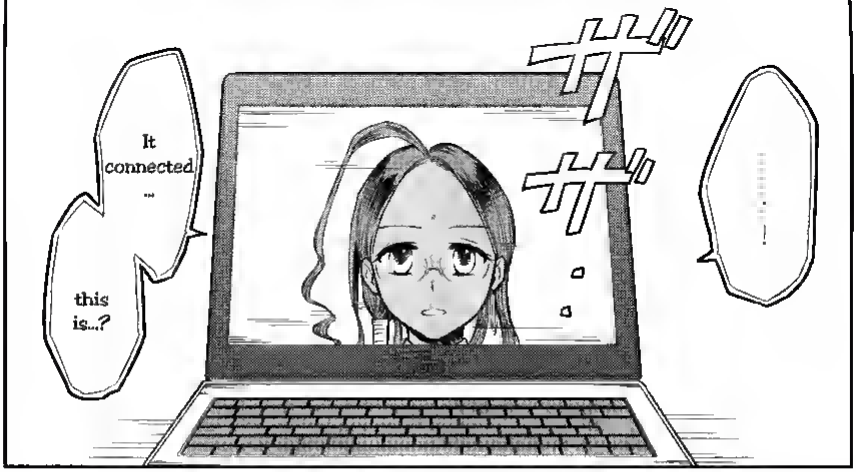


Hm?
yawn~



Other side... thou meanst SE.RA.PH
Yes.
What is it?
I traced the prana trail, and I'm picking up similar signals from the other side.

BEEP
I'll try accessing it.
But this is...
Etherlite ...?



It connected...

This is a cafe by the name of Ahnenerbe.

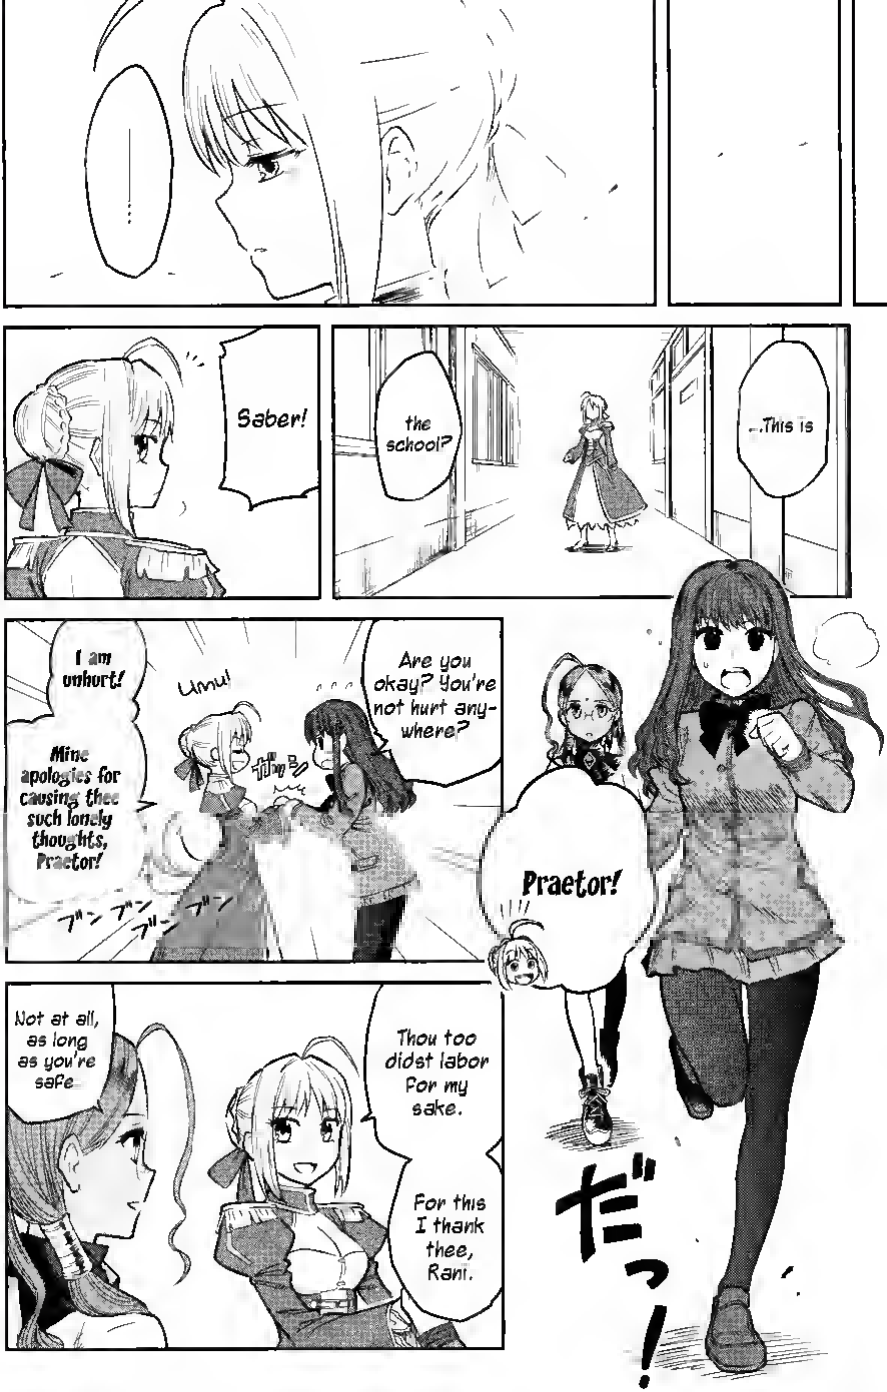
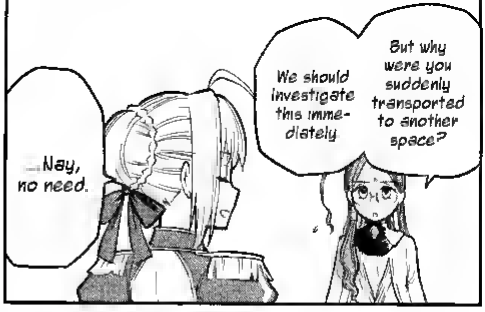
The shock of that blast could cause the Arena itself to collapse.
Yes, I'll go soon.

And you.
I wish you all the best, Saber.

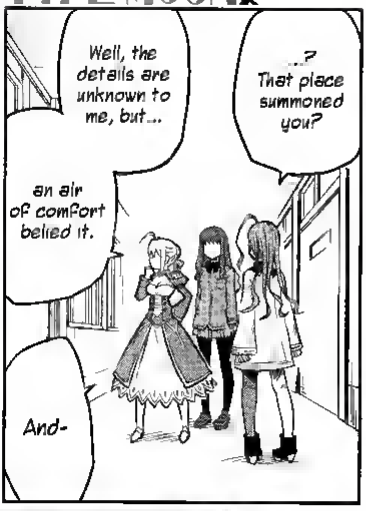
Our time was short, but most merry.
Be well, Saber.



Saber!
...This is the school?
Are you okay? You're not hurt anywhere?
Umu!
I am unhurt!
Mine apologies for causing thee such lonely thoughts, Praetor!
Praetor!
だっ！
Thou too didst labor for my sake.
For this I thank thee, Rani.
Not at all, as long as you're safe.



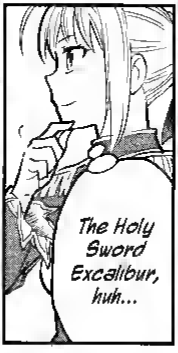
But why were you suddenly transported to another space?
We should investigate this immediately
...Nay, no need.



...?
That place summoned you?
Well, the details are unknown to me, but...
an air of comfort belied it.
And-

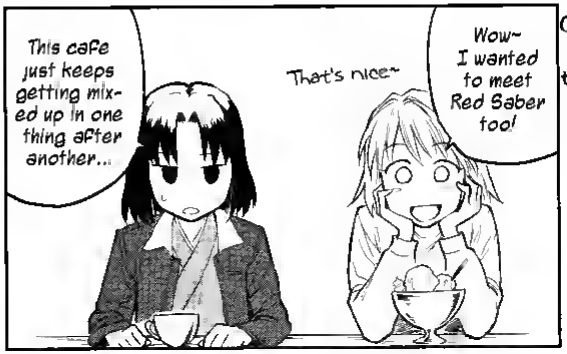
Surely, that place..
Ahnenerbe, called out to me.

Saber?
Heheh.



The Holy Sword Excalibur, huh...

I made an interesting friend!



Of course, it was thanks to Super Hacker Rin!
